Section 1: 511 Services

511 is a toll-free phone and web service that provides San Francisco Bay Area travelers with a single phone number and web site for public transportation, traffic, bicycling and carpooling/vanpooling information. This service covers the nine-county Bay Area: Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma counties. **511** is brought to you by the Metropolitan Transportation Commission.

How to Use the 511 Phone Service

Like 411 for information and 911 for emergencies, the **511** phone number requires only three-digit dialing. **511** is available 24 hours a day, every day of the week.

When you call **511** a voice-recognition system will guide you through the system.

First, dial 511.

Second, voice-select one of the below options from the main menu:

- **Public Transportation**
Sub-Menu: Public Transportation Agencies, Commuter Incentives, Airports, Paratransit
- **Traffic**
Sub-Menu: Traffic Conditions, Planned Highway Construction, Airports, Estimated Drive Time (this feature is not yet available)
- **Bicycling**
Sub-Menu: Bike Operator (all counties except Napa and Solano), Napa and Solano Counties Bike Operator
- **Carpooling and Vanpooling**
Sub-Menu: Rideshare Operator (all counties except Napa and Solano), Napa and Solano Counties Rideshare Operator

Third, select an option from the next menu (sub-menu). For instance, saying “Public Transportation” will bring up sub-menu choices of “Public Transportation Agencies,” “Commuter Incentives,” “Airports” and “Paratransit.”

Fourth, continue to select from these menus until you have accessed the information or operator you need.

How to Use the 511 Web Site

Like the **511** phone service, the **511** web site (www.511.org) provides travelers with one-stop access to San Francisco Bay Area transportation information.

First, log onto www.511.org

Second, select one of the below options on the home page by clicking on the word:

- **Transit**
Bay Area transit agencies, paratransit, airport, bicycle information and more
- **Traffic**
This part of the web site is not open yet

511 Services (continued)

- **Rideshare** (Carpool/Vanpool)

Third, continue to select from these pages until you have accessed the information you need.

How to Use 511 TakeTransitSM Trip Planner

Included in the 511 Web site is the TakeTransitSM Trip Planner. The TakeTransitSM Trip Planner is an online automated trip planner for planning trips on bus, train and ferry.

TakeTransitSM Trip Planner currently includes public transit agencies serving primarily Alameda, Contra Costa and San Francisco counties and the San Francisco International Airport. Go to www.511.org to get the most current list of public transit agencies. The remaining Bay Area transit agencies will be added by the end of 2003.

First, log onto www.511.org.

Second, click on “Transit,” then “TakeTransitSM Trip Planner” and lastly click on the green “Plan Your Trip!” button. A page with five questions comes up.

Third, answer the five questions about your planned trip:

1. Where are you starting from?
 - Type in your origin address, intersection or landmark
2. Where are you going?
 - Type in your destination address, intersection or landmark
3. What day is your trip?
 - Select a day
4. What time is your trip?
 - Select a time
5. Other options
 - Select your itinerary preference, fare category and maximum walking distance

Fourth, click on the green “Plan your Trip” button.

The trip planner will return an itinerary that includes which transit operator and routes to take, when and where to board, where to transfer, the cost of the trip and the trip’s duration.

Additional links provide a static schedule of the selected route as well as a detailed map illustrating how to walk to the nearest transit stop or final destination.

- ◆ **Call 511, say “Transit” or go to www.511.org and click on “Transit.”**
- ◆ **Call RIDES for Bay Area Commuters at 511, say “Carpool” if you do not have access to the Internet.**

Carpool and Vanpool Services

Carpools and Vanpools

Solano Napa Commuter Information (SNCI) provides free assistance to commuters who would like to carpool or vanpool by matching them with others who live and work near them. SNCI will send a commuter a matchlist that confidentially lists names, phone numbers and home/work neighborhoods of other commuters with whom they can carpool or vanpool. Carpooling works best for shorter commutes, while vanpools typically travel at least 40 miles round-trip.

- ◆ **Contact Solano Napa Commuter Information at 800-53KMUTE or go to www.solanolinks.com/commuterinfo for carpool and vanpool assistance. Phone assistance is available Monday – Friday 8 am – 5 pm in English or Spanish.**

Carpool to BART Parking Permit

RIDES also provides parking permits for people who carpool to BART stations. These permits allow each carpool to park in prime locations near the BART entrance gates. Each carpool partner needs a permit.

- ◆ **Contact RIDES for Bay Area Commuters at 511, say “carpool” or go to www.511.org, click “Rideshare” for BART Parking Permit assistance. Phone assistance is available Monday – Friday 8 am – 5 pm in English or Spanish.**

High Occupancy Vehicle Lanes (Diamond Lanes)

High Occupancy Vehicle (HOV) lanes are also commonly called commuter lanes, carpool lanes, diamond lanes and express lanes. These lanes allow cars, buses, trucks and vans with at least two occupants (and in some cases three occupants) to travel more quickly during designated peak-commute hours. Motorcycles and most compressed natural gas and electric-powered vehicles with or without passengers are also allowed to use the HOV lanes. During non-commute hours, the lanes revert to general traffic use.

Solano County does not have any HOV lane. However, I-80 just south of Solano County has HOV lanes going in both directions. In addition, the Carquinez, Benicia and Antioch bridges, which link Solano and Contra Costa counties, provide free crossing to carpools with three or more people and vanpools from 5am – 10 am and from 3 pm – 7 pm.
